NEOCAP continues to provide training and education for residents and staff as a continuing effort to prevent sexual abuse and sexual harassment in our facility. PREA

refresher training has been conducted for all staff. All new hires receive initial PREA education training during their orientation training period.

PREA incident scenario training continues to keep staff familiar with first responder duties and responding to incidents of sexual abuse and sexual harassment. Staff are presented with various scenarios on the fly, to which they must respond with how the scenario is to be handled, and what steps are to be taken. 50 staff completed in person scenario refresher training in 2023. Additionally, there were updates to PREA related BCS standards #7 & #8 which were implemented in 2023. Staff were made aware of these changes and updates via their refresher training.

NEOCAP continues to maintain a zero tolerance policy against sexual abuse and sexual harassment. Residents and staff shall be free from sexual abuse, sexual harassment and free from retaliation for reporting such incidents. All residents and Staff are encouraged to report any acts of sexual abuse or sexual harassment. Every effort will be made to eradicate all forms of sexual abuse and sexual harassment.
